Bath High School Preservation Board Retreat

What the Bath High School Preservation effort has accomplished and where its headed for the future was the focus when the board gathered at Goose Creek State Park for its retreat on Saturday, Oct. 6.

For the board and others working with the BHSP effort, it was an opportunity to recall important accomplishments, consider next steps and focus on both where opportunities might lie and develop effective strategies to work together.

After a welcome from **President Ruth Dorkin, Secretary Claudia Alligood** provided a history of the effort to save and restore the high school.

Ken Friedlein

Architect **Ken Friedlein**, who developed a comprehensive plan for the restoration of the facilities, offered a perspective on what's been accomplished since the plan was initiated and observations on options for next steps and uses for the building.

Martin Johnson

Martin Johnson, Beaufort County's economic development director, provided an overview of how the county is growing, the types of business growth being experienced and the various interests and people being attracted to

the area. Critical, he said, was understanding what groups and individuals might be interested in using the facilities and also what people would be willing to pay for use.

Money — who's got it, what you need to know about them, what data they want to know about you and how to organize all that information — were the details of a presentation by **Michele Oros**, former Director of Grants and Development for Beaufort County Schools.

Michele Oros

Gillian Jones presented a slide show of the progress of renovation of Bath High School.

Sam Gore-Nonprofit Specialist

Sam Gore, president and executive director of Towards a Fruitful Ministry, Inc. and a specialist in nonprofit coaching and communications, led the group in developing strategies for getting board members to work effectively together and understanding the duties of a

non-profit board. He provided the board with an afternoon hands-on workshop in what it takes to have an efficient, collegial and productive board with work-session on: what a healthy board looks like; roles and responsibilities of board members; vision, projects and planning; and board life cycles.

Bath High School Preservation expresses its thanks and gratitude to the management and staff of Goose Creek State Park for use of the meeting facilities. Thanks to the Bath High School Preservation Special Events Committee and Rachel K's Bakery for the breakfast and snacks — and to Blackbeard's Slices & Ices for the pizza for lunch.

L-R Michele Oros, Frank Waters-Beaufort County Commissioner, Martin Johnson

Officers from 2017-18 will serve another one year term for 2018-19. New Board of Directors elected for a 3 year term are: **Leanna Holmes, F. Michael Godley, and Nancy Thomas.** Their terms will expire June 2021.

Leanna Holmes

Leanna Holmes graduated from Northside High School in 1998. She attended UNC-Wilmington and graduated with a BS in English. She is a middle school English Language Arts Teacher and has taught 6th grade at Bath Elementary since 2007. Leanna also directs the musical theatre program at the school. She is excited to be a part of the BHSP board and looks forward to students from Bath Elementary utilizing the facilities of the Bath High School building. Married to Eric Holmes they have a daughter, Claire.

F. Michael Godley

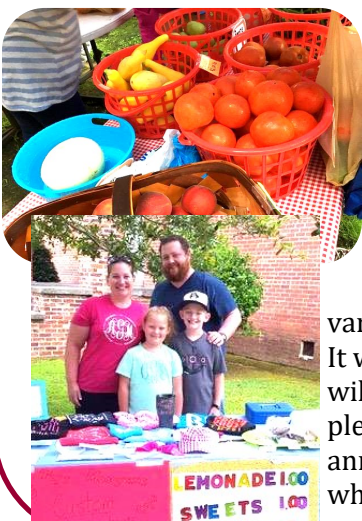

Mike Godley is a proud alumnus of Bath High School class of 1975 and North Carolina State University. He earned BS and MS degrees in Crop Science and Pest Management. Since 1988 he has farmed in the tradition of his father, grandfather, and other relatives in the Bath community. He is one of three original founders of Bath High School Preservation in 2005 having served as treasurer from the beginning until 2011. It is because of his diligence that we have attained the success to the present time. His work ethics and experience is quite an asset to the board.

Nancy Thomas

Nancy Thomas attended Bath school from first grade until graduating with the class of 1970 as valedictorian. She attended UNC at Chapel Hill and after graduation taught school for two years. After teaching she turned to accounting working in various locations in Florida, Kansas and then back to North Carolina. She became a certified public accountant in 1988 and ended her career retiring from NC state government. Upon her retirement she was awarded **"The Order of the Long Leaf Pine"**. Nancy is married to Seth Efron and they have two daughters and a grandson.

Farmer's Market

Every Saturday from June 2nd until August 25th BHSP held an "Old Towne Farmers' Market" on Carteret Street in the courtyard. Vendors gathered around the flag pole to sell their wares offering eggs, plants, peanuts, t-shirts, soaps, stitchery, baked goods, vegetables and you could even get a hair cut. A wide variety for the first time of offering such as this in Bath, NC. It was a very successful endeavor and hopefully next year will be even bigger and better. Gardeners get ready to plant plenty next Spring so you can participate in our 2nd annual Farmers Market. Many thanks to all the volunteers who helped to make it a success.
